## Circular Tour of the Centre of Höchst

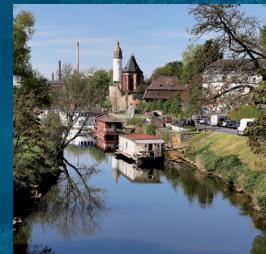

Höchst was first mentioned as „villa hostat“ in 790 AD and was an independent city until 1928, whose many attractions are presented during this tour. The old town, which is listed since 1972, is especially worth discovering. There is a reason Höchst was included in the German Half-Timbered House Road in 2013.

This flyer is directed at tourists, guests and enthusiasts who want to get to know the old town of Höchst better. With the help of this tour you can get a good impression of this town, may it be by bicycle or simply by foot. The circular route begins at the northern end of the town, the train station being the starting point. Then it continues to the east taking in several points of interest, and then to the south, leading into the centre of the old town of Höchst, before finishing back near the train station.

The detailed circular Tour with pictures and explanation texts is available in the tourism office for Höchst, Antoniterstraße 22/corner Hostatostraße, opening times:  
Monday - Friday 8:00 am - 6:15 pm  
and Saturday 8:00 am - 4:00 pm, or can be ordered on the internet [www.stadtplanungsamt-frankfurt.de](http://www.stadtplanungsamt-frankfurt.de).

Have a good time in Höchst!
